**Doctors Administrative Solutions Ranked Among Region's Top 10 Fastest Growing Companies  
by the *Tampa Bay Business Journal***

*Health IT firm makes the annual Fast 50 list for the second consecutive year*

TAMPA, Fla. – (July 25, 2011) – Doctors Administrative Solutions (DAS) has been named to the *Tampa Bay Business Journal's* Fast 50 list for a second consecutive year. DAS ranked 10th on the annual list, which is comprised of the Tampa Bay region's 50 fastest growing private companies.

"We are delighted to receive this honor for the second consecutive year, especially in this difficult economic climate where many industries continue to struggle. This recognition is a testament to the expertise, dedication and commitment to service continuously displayed by our staff," said DAS CEO David Schlaifer.

DAS ([www.Dr-Solutions.com](http://www.Dr-Solutions.com)), which helps physicians leverage IT advancements to run more profitable and effective practices, recently tripled its employee count and now boasts the largest electronic health record (EHR) implementation staff dedicated solely to West Central Florida. The firm recently added nearly 200 physicians and 1,000 users to its client base and realized a third straight year of revenue increases exceeding 200%. That rapid growth is reflective of the expanding interest in the physician community to secure incentive funds for the deployment of certified EHR systems and has elevated DAS to one of the top three EHR providers in its market.

To be ranked in the annual listing, companies must have achieved steady year-over-year growth in revenues between 2007-2008, 2008-2009 and 2009-2010. Rankings were determined by CBIZ Kirkland Russ Murphy & Tapp, a public accounting firm based in Clearwater, Fla.

***About Doctors Administrative Solutions***

Founded in 2003, Doctors Administrative Solutions (DAS) is dedicated to helping physicians throughout West Central Florida run more profitable private practices through the implementation of electronic health record (EHR) and practice management (PM) solutions. From local implementation to ongoing, in-person, onsite training and local support, DAS is there every step of the way to ensure that physicians and practice staff are comfortable and confident working in the paperless environment.
