

Peak 10 Tampa Provides Data Center Solutions to Doctors' Administrative Solutions

TAMPA, Fla. (December 17, 2007) – Peak 10, the leading independent data center operator and managed services provider, announced that it will provide state-of-the-art data center services to Doctors' Administrative Solutions (DAS), an independent integrator of Practice Management and Electronic Medical Record (EMR) systems for physician practices nationwide. DAS will receive managed colocation, reliable bandwidth and back-up management services from Peak 10's world-class Tampa facility.

“At DAS, we provide healthcare technology solutions for physician practices across the country,” said David A. Schlaifer, president and chief executive officer of Doctors' Administrative Solutions. “In this industry, reliable technology services are vital. We chose Peak 10 Tampa for our data center needs because of their dependability, integrity and skilled personnel. We are confident that Peak 10's services will allow our business to continue to grow and thrive in the ever-changing healthcare industry.”

DAS is a Tampa-based provider of practice management and EMR systems implementation and training for small and medium-sized physician practices. This process is an essential component for the effective practice of medicine, ensuring that physicians do not fall behind to competition or costly administrative errors. DAS combines its unsurpassed technical proficiency and operations excellence with a variety of custom tools to help simplify what is otherwise a complex transition.

“We are thrilled that Doctors' Administrative Solutions has chosen Peak 10 Tampa for its data center and infrastructure needs,” said Debra Curtiss, vice president and general manager of Peak 10 Tampa. “DAS is an innovative company that is working to improve the healthcare community on local and national levels, and Peak 10 is proud to have a role in such a worthwhile endeavor.”

Peak 10's world-class Tampa data center is staffed by skilled engineers and support personnel to ensure the security, integrity and availability of its customers' technology infrastructure 24x7x365. Peak 10 Tampa's reputation for outstanding, personal customer service, technical competence and extreme reliability in crisis situations has helped the organization grow dramatically over the past six years. Peak 10 Tampa especially takes pride in its unmatched service philosophy. Peak 10 customers enjoy the accessibility of a local provider and the security of a geographically diverse organization; the personal relationship of a small company and the resources of a large organization; the expertise and performance of a national player and the trust and attention of a local partner.

About Doctors' Administrative Solutions

Doctors' Administrative Solutions (DAS) is an independent integrator of Practice Management and Electronic Medical Record systems for physician practices nationwide.
